

Greece Passenger Railway Timetables

Complete current passenger timetable compiled from official Hellenic Train, OSE and railway.gov.gr sources

Status date	16 July 2026
Timezone	Europe/Athens
Scheduled services documented	458
Passenger trains	328
Official replacement and connecting bus	130
Verification window	16-22 July 2026

Accuracy statement: no missing times were estimated. All scheduled times come from an official live timetable, booking result, published timetable or current official operational notice. Where an official source does not publish an individual service number, that limitation is stated explicitly.

Katakolo - Pyrgos - Olympia	78
Pelion Railway: Ano Lechonia - Milies	82
7. Network maps	83
Official source register	88

Scope and verification method

This publication covers every passenger train returned by the official live systems for the current operating week, plus official rail replacement and connecting buses needed to represent corridors where passenger rail service is suspended or incomplete. Freight trains are excluded.

For Athens suburban services, the railway.gov.gr live OSE schedule board was queried for each day from Thursday 16 July through Wednesday 22 July 2026. This captures separate weekday and weekend train-number patterns. For national, regional, Patras and tourist services, the Hellenic Train booking system was queried for exact train numbers, all intermediate stops and arrival and departure times. Current Hellenic Train announcements and important-information notices were then applied.

All times are local Greek time. Arrival / departure means the first value is arrival and the second is departure. A single time is used where the official source publishes one scheduled call time or where the station is the origin or destination

A static, current, nationwide passenger-only network map was not identified on the permitted official sites. The official corridor maps that are available are reproduced in section 7.

Current temporary and operational notices

Diakopto - Kalavryta rack railway suspended
Trains 1330, 1331, 1332 and 1333 are suspended from 13 March 2026 until the infrastructure manager lifts the suspension. No active timetable is published.
Current operational notices accessed 16 July 2026

Athens suburban platform and single-track arrangements
Current notices affect platform use at Kiato, the Kiato - Aigio line, Dekeleia, Magoula, Aspropyrgos, Ano Liosia and Zefyri. Published train times remain those shown in this document.
Current operational notices accessed 16 July 2026

Thessaloniki - Sindos academic shuttles
The published weekday shuttle table states that the extra services are suspended during official academic breaks. The July 2026 live booking results show only through trains serving Sindos, so no separate academic shuttle is listed as operating.
